

“FGM remains ardent in exploring the use of new technologies, yet pragmatic in applying them to our client’s challenges.”

Mission & Vision

Committed to encouraging employee initiative, leadership, and growth.

About FGM

FGM, Inc., is an information technology company delivering sophisticated, customized solutions that improve business efficiency across the enterprise.

As a trusted partner of the Department of Defense, U.S. Government civilian and international agencies, and businesses throughout the world, FGM is an agile provider of technical solutions that enable mission-critical operations and decision-making.

FGM’s integrated solutions help our clients improve their business performance through information technology transformation services focusing on architecture, information management, and systems integration.

Headquartered in Reston, Virginia, FGM also has offices in California, Colorado, Hawaii, and Nebraska. With over 200 talented professionals, FGM is a thriving employee-owned corporation.

Mission

FGM is dedicated to providing superior technical solutions that enable mission critical operations and decision-making by focusing on the long-term needs of our clients rather than the short-term gains of the company.

We are committed to maintaining a corporate environment that encourages employee initiative, and professional and leadership growth.

We remain ardent in exploring the use of new technologies, yet pragmatic in their application to our clients’ needs.

Vision

Our vision is to confront and solve the most challenging national security issues facing our country today to ensure the freedom of our nation.

- We will be at the forefront of developing and applying emerging technologies and we will be recognized as a technical leader and national asset.
- We will challenge our people by creating an environment that encourages both personal and professional growth through innovation, collaboration, and trust.
- We will maintain a focus toward the future by becoming a strategy-driven organization that embraces continuous process improvement to optimize our operational effectiveness.
- We will operate with the utmost honest and integrity.
