

“FGM delivers superior solutions that enable mission-critical operations and decision-making.”

Our Customers

Focused on the long-term needs of our customers rather than the short-term goals of the company.

About FGM

FGM, Inc., is an information technology company delivering sophisticated, customized solutions that improve business efficiency across the enterprise.

As a trusted partner of the Department of Defense, U.S. Government civilian and international agencies, and businesses throughout the world, FGM is an agile provider of technical solutions that enable mission-critical operations and decision-making.

FGM's integrated solutions help our clients improve their business performance through information technology transformation services focusing on architecture, information management, and systems integration.

Headquartered in Reston, Virginia, FGM also has offices in California, Colorado, Hawaii, and Nebraska. With over 200 talented professionals, FGM is a thriving employee-owned corporation.

FGM conducts its business with integrity, and respect for those with whom we have relationships—our customers, our shareholders, our partners, and the people in the communities where we work and live.

We are focused on the long-term needs of our customers rather than the short-term gains of the company, and we deliver innovative, quality products and services. The beliefs, attitudes, and values that drive FGM's business are consistent with our clients' expectations.

We provide our clients with useful, effective solutions that meet their needs, and exceed their expectations.

Superior Technical Solutions

FGM is an agile provider of technical solutions that enable mission-critical operations and decision-making.

We deliver superior solutions that transform defense and intelligence, assure homeland security, enhance decision-making, and help government to work smarter and faster, and to stay on schedule and within budget, resulting in successful program conclusion.

Over the years, our customers have repeatedly told us that our most noticeable distinction is the talent, competence, and dedication of our people. Through their leadership and dedication we deliver real value to our customers.

Customer Testimonials

“The FGM team's product is uniformly outstanding... their responsiveness to emergent requirements is legendary. [Our] management personnel will return again and again to FGM for help on key projects. I can't imagine a better group of people to work with!”

- Stanley Owen Davis, Defense Information Systems Agency (DISA)

“We appreciate the ‘extra effort’ in providing the 360° thinking that makes a mod or new function truly usable by our client. You don't just ‘meet the spec; you go the extra mile in providing the desired result. You have met or exceeded all of our targets and you have remained within or below budget... a rare combination these days in the IT community.”

- L.J. Cooper, Principal, Booz Allen & Hamilton

“I'd like to commend FGM for its outstanding support in providing the geospatial mapping application GeoBriefer for our digital production division. GeoBriefer provides us with a solution to accurately illustrate and track data. FGM's talented staff is top-notch.”

- Don Davis, Chief, Digital Production Division (DLA)
