

FGM Opens New Office in Hampton Roads, Virginia

Press Release

FGM is pleased to announce the opening of our latest facility in Suffolk, VA. FGM has leased a shared office suite in ODU's Virginia Modeling, Analysis & Simulation Center (VMASC). This facility will be occupied by our JFCOM Programs Business Unit. In addition to approximately 525 square feet of office space that FGM occupies, the facility also has demonstration rooms, conference facilities, labs, computer rooms and large meeting/training rooms that are available to all tenants of the facility. The opening of this office is especially important as we pursue more and more business in the Hampton Roads area.

For more information about our new office or if you plan to be in the area and would like to visit the office please contact Tony Petersen.

About FGM

Founded in 1987, FGM, Inc. is an information technology company delivering sophisticated, customized solutions that improve efficiency across the enterprise.
